## Greetings from the Principal

Wakefield this year will be in its third year of operation. I invite you to share with me the responsibility of making certain that this year is no less successful than our two preceding years. We will be working together to build a school program worthy of the setting provided by our new four and one-half million dollar building. If we conduct ourselves well, we will be able to take pride in what we are accomplishing.

During our first two years we have done much to build an outstanding school program, and have received recognition for the excellence of this program. Able and sympathetic teachers joining with sincere and enthusiastic students have produced a citizenship program which brought to the school the Freedoms Foundation's George Washington Honor Medal. Our athletic teams have played the game well, have been winning teams, and have conducted themselves with mature good judgment as gentlemen on and off the playing fields. Our music programs have been of outstanding quality, and the students' appreciation of this program is a demonstration of their awareness of the importance of music, art, and literature in the living of a full life. Our student government provides each student an opportunity to share in making decisions which affect the student activity program of the school. Our students in the pursuit of their class studies have made good progress and have demonstrated qualities of scholarship which will stand them in good stead in college or in various employment fields.

This progress was made possible by the way each student and staff member has done that which he could to make our school better. We must continue to build an ever finer school program and do the best we can to take advantage of the opportunities provided by the school. During these secondary school years you have a greater number of people interested in your welfare and willing to help you than you will at any other time of your life. During these years the opportunity for rich and varied educational experiences is more immediately present than at any other time of your life. Becoming educated at Wakefield can be an exciting, strenuous, and pleasant experience if you give your best efforts to it. We want your best for the growth of the school and for your personal growth; less than that

is not enough. With these points in mind, I welcome you to a new school year and hope that you will find it a good one.

HAROLD M. WILSON

### Student Council Greeting

As in the past, the Wakefield Student Council is publishing this handbook in an effort to orient new students, and to further inform those already at Wakefield of our school program. Since there are so many changes made in our program during the course of a year, it is for your convenience that we attempt to keep up with these changes.

We hope that this handbook reveals to you the many and varied opportunities in this school for education and social development.

The Student Council hopes that each and every student has had a wonderful summer vacation. It is time now to get back to the old grind and work harder to make this 1955-56 year a success.

We wish to sincerely thank all students taking an active part in the arrangement of this student's handbook.

### Activities Letter Award

During the first two years of operation, members of the staff and student body have attempted to develop a points award system which would provide an opportunity for a letter to be awarded. Another committee will be appointed to evaluate the present system and to make those changes that are considered necessary in order to provide a fair

and just system of awarding school letters. This committee must be a continuing one as new activities are developed and others are discontinued.

The 1954-55 committee's recommendations were as follows:

1. One letter in Junior High School.
2. One letter for school activities in Senior High School.
3. One letter for athletic participation in Senior High School.

Awarding of a letter for all school activities in the Junior High School division will be based on 100 points. This letter shall represent participation in all school activities. In order to avoid a situation in which a student participates in only one activity, the committee recommends that a maximum of 75 points can be earned in any one activity. These points are to be issued on a yearly basis except those activities indicated on the form below. This applies to the Senior High School activity letter as well.

Activities have been grouped under five specific headings, and points apportioned accordingly. Students are to be assigned the number of points as indicated or according to the sponsor's evaluation of the student's participation. Where a maximum number of points have been assigned students can receive up to the maximum, if the sponsor so desires.

### Assemblies

Assemblies are an important part of school life and will be held each Tuesday for some part of the school. Because of the size of the school, the seventh, eighth and ninth grades will ordinarily attend assembly together, while the tenth, eleventh and twelfth grades attend assembly together. This means that on alternate Tuesdays those students not attending assembly will be occupied in their home rooms.

A calendar of assembly programs will be completed early in the school year and posted on the home room bulletin board.

The regular student admission price to varsity football, basketball, wrestling and baseball games is 40c. Membership, however, in the Wakefield Athletic Association entitles students to admission for only 25c. These membership cards may be purchased from the Athletic office for the price of \$1.00. Through the purchase of these cards students receive a substantial saving, as well as guarantee the support to all athletic activities that are a part of the school.

In addition to these activities, there will be developed a program of intramural sports for those boys who do not choose to compete on varsity level but who are still interested in athletic participation. They will receive much pleasure from such participation as well as earn points toward an intramural monogram.

### Athletics, Girls

All athletic activities for girls in both the junior and senior high are organized on an intramural basis. This

program is incorporated as the Girls Athletic Association. Activities to be offered this year are:

Soccer	Volleyball
Field Hockey	Basketball
Archery	Softball
Tennis	Ping Pong
Badminton	Shuffleboard
Swimming	Golf
	Trampoline

Awards will be given to girls on a point system basis. A program of inter-school play days will be developed in order that the girls of Wakefield may have the experience of competing with other junior and senior high school students in this area.

### Attendance

In order to achieve the maximum from your school experience, you must be regular in school attendance. Regular school attendance and punctuality are two traits employers are vitally interested in when receiving a candidate for employment.

When a pupil is absent, he must bring a note dated and signed by one of his parents stating definitely the reason for his absence. Absence due to illness, quarantine, death in the family, and acts of God such as floods, hurricanes, etc. are considered excused. Absence from school without permission of parents or school authorities is considered truancy and will be dealt with severely. Pupils who for some reason have had to be absent must assume full responsibility for making up the work they missed. Make-up assignments are to be secured from the subject teacher.

Students who anticipate an absence are requested to present a note to the homeroom teacher, signed by one of his parents stating the reason he is to be excused. This note should be submitted on the day preceding the anticipated absence.

### Automobiles

Automobiles are not to be driven during school hours or lunch periods without special permission from the office. Students are not allowed to sit in cars during school or

during the lunch hours. All cars driven must be registered in the office. This is for your own benefit in case of emergency.

Students should park in the student parking area or on the streets adjacent to the school.

### Awards

During an annual award assembly, students who have excelled in scholarship, citizenship and other school activities are presented with the following awards:

Harvard Book Award (Outstanding junior boy)

Daughters of the American Revolution—Good Citizenship Medal and certificate (Senior class boy and girl; Ninth grade boy and girl.)

American Association of University Women—Journalism.

Intramural Sports (Boys and girls who have accumulated maximum number of points through participation.)

Daughters of the American Revolution—American History Medal and Certificate—Eighth Grade student.

Old Dominion Kiwanis Scholarship Award—Medal—Ninth Grade student.

Wakefield Parent-Teachers Citizenship Award—Junior Class student.

Science Awards—(Arlington County, Virginia, and Junior Academy of Science.)

Babe Ruth Sportsmanship—Ninth Grade boy and girl.

National Honor Society—Recognition of new members.

Quill and Scroll—Recognition of new members.

French Honor Society—Recognition of new members.

Recognition of those students who have received achievement awards through the participation in events either on an individual or group basis. (Debate, Music, etc.)

School Activity Letter Awards—Junior and Senior High School students.

### Before and After School

Students who arrive before school opens are to remain outside or in the cafeteria. Should a pupil wish to enter a classroom, he must secure a note from a classroom teacher.

When school is dismissed, students must leave the build-

ing unless under the supervision of a teacher. If the student is staying for any after-school activity he must remember to get his things from his locker before the hall gates close at 3:45.

### Cafeteria

The school cafeteria attempts to contribute to your education by:

1. Providing nourishing food so that your bodies can be kept strong and healthy. This places you in the position of being physically ready to take advantage of the educational offerings of the school.
2. Providing a place where you can practice the selection of balanced meals; thus contributing to good health habits.
3. Providing a place where certain social skills can be acquired. You can eat with other students using socially acceptable manners. You can talk while eating in such a way as to increase the ease and good taste with which you conduct table conversation. This means that loud talking and other behavior which is more typical of the younger child is out of place in our cafeteria.

The cafeteria provides these services:

1. A line where plate lunch, including milk, meat, two vegetables, bread and butter is served at a cost of 35¢.
2. An a la carte line where sandwiches, soups, salads and desserts are served, according to the total of the individual items desired.
3. A line where milk only is served at a cost of 7¢.

Food will be taken away from the cafeteria serving line on trays. These trays will be used after the meal to return the dishes and all waste to the kitchen. All food must be eaten in the cafeteria.

### Cheerleading

Wakefield has three groups of cheerleaders, Varsity, Junior Varsity and the Junior High group. These girls were selected by a committee composed of staff members and representatives from the student body. Varsity and junior high cheerleaders are selected during the spring for the following year. The junior varsity cheerleaders are selected in the fall from the tenth grade. This enables in-

coming students from the "feeder" junior high school to try-out. All students are given ample notice when practices are to be held during the week of try-outs.

These girls are an integral part of the school spirit that encourages team members to give their very best in every game. You can support these girls by cooperating in all pep rallies and while in attendance at games.

### **Club Program**

The club program is conducted during the activity period of the school day. Usually this period is scheduled once a week. There are many clubs with a wide range of activities from which the students may choose. These clubs may be curricular in origin, such as the French Club; or of a hobby and recreational nature, such as the Chess or Rod and Reel Club. There is a club which will interest each student. Everyone is urged to participate.

For further information consult the Club Handbook.

### Fraternities and Sororities

The school does not sponsor or recognize fraternities or sororities. Activities of these organizations will not be permitted in the school at any time. Students violating this policy will not be allowed to hold office in our school government or represent the school in athletic contests, etc.

### Health Program

The clinic is located in room 206 and is provided for the use and welfare of the students of the school.

The school health service has been established to help you:

1. In planning better health for yourself and others.
2. In preventing the spread of diseases.
3. In giving emergency first aid and care for injury and sudden illness.

These things can be done by:

1. Medical advice and assistance from the school physician.
2. A registered nurse and nurse's aide who:
  - (a) supervises and trains volunteers (both student and parent) to help with the school health program.
  - (b) assists you with problems you may wish to discuss.
  - (c) assists you in planning for improvement of your health.
  - (d) assists teachers with student health planning.
  - (e) arranges for health appraisals by private and school physician if necessary.

You can improve the school health program by:

1. Avail yourself of the health services—consult the nurse freely.

2. Should a student become ill during the school day he should report to his teacher who will give him a referral slip to the clinic where the extent of his illness may be determined by the nurse. If it is necessary for the student to be excused from school the nurse will contact the parents who will make arrangements for him to get home.

### History of Wakefield

The first session of Wakefield Junior-Senior High School opened in September 1953. Since this was the beginning of a new senior high school in the county, the School Board and Administration decided to open this school with grades seven, eight, nine and ten. This meant that in the third year of operation, the school would have its first senior class. Students who formerly attended Dolly Madison Junior High School as well as those ninth grade students who were attending Thomas Jefferson made up the bulk of the student body. In addition to this group, the school attendance area was changed so that many seventh and eighth grade students who had been attending Thomas Jefferson Junior High were transferred to this new school. The total number of students enrolled the first year was approximately 1500, last year there were 2100 and this year the enrollment is expected to reach its peak of 2450 students.

As the student enrollment increased, so did the teaching staff and the size of the building. This year Wakefield will have a teaching staff of over one hundred and thirty teachers. The building has been completed according to the original plans. Now each boy and girl is afforded an opportunity to learn those things that are necessary for competent, mature participation in our democratic community.

During the two years of operation, many traditions and customs have been developed; school colors of kelly green and white have been selected, a warrior insignia signifying the nickname "Warriors" was created by a member of the Art Department staff, a school ring has been selected which becomes available when students qualify as members of the senior class, several songs have been written for use during Wakefield school activities, these and many other school

customs have been established as a part of this school's traditions. You as members of the student body are given the responsibility to continue these as well as to develop those that are a part of most high schools throughout the country.

### **Insurance**

A plan of insurance coverage for the school year will be offered to all students on a voluntary basis with the payment of \$1.50 premium. This policy provides accident coverage for the regular school day and a reasonable time before and after school.

From past experience the plan as offered has been most adequate to cover hospital and medical charges resulting from accidents.

The school is not acting as an agent for any insurance company but offers this plan so that those students who wish to participate in it may do so.

### **Intramural Council**

The Intramural Council, directed by Mr. Julian Stein, functions as the coordinating body of the Boys' Intramural Sports Association. This group assists in formulating policies and procedure, in ruling on protests and amendments to the constitution, and in reviewing special rulings of the Association.

The Council is composed of Wakefield's Principal, Athletic Director, one Intramural Sports Director, a representative of each grade level, a member of Student Council, an intramural newspaper reporter, and one representative from the Athletic Officials Club.

### **Job Placement Service**

A job placement service is offered by a student placement committee under the direction of a member of the Guidance Staff. Students desiring help are to apply to the placement counselor. Work permits can be obtained through this same office.

During the school year 1954-55, this student committee was organized by the counselor as a working group to explore opportunities for students either as full-

time or part-time employees. An adult group selected from representative community businesses functions in an advisory capacity with the school examining application and training practices. Through this service, it is hoped more opportunities will be developed for the job placement of Wakefield students.

Students who learn of job opportunities are requested to make these known to the Placement Office.

### **Library**

The library at Wakefield is open a half-hour before school, during school hours, and one half-hour after the close of school each day. Pupils may enter the library with a pass signed by their teacher. Books will circulate for a period of two weeks and a two-cent fine per school day will be charged for overdue books. A book may be checked out by the signing of your name and homeroom number.

The Wakefield book collection is rapidly growing; there are over 10,000 volumes and more than 100 periodicals. Students may also use the map collection and college bulletin collection as well as the information and vocations files.

### **Location of Rooms**

All rooms numbered 1 to 100 are located on the ground floor next to the Athletic fields. Rooms numbered 100 to 200 are located on the first floor, rooms numbered 200 to 300 are located on the second floor. Numbering begins on

the southeast corner of the building and continues clockwise around the building. On the ground floor numbering starts at the northeast corner of the building. Floor plans have been placed on walls throughout the building for your convenience.

### **Lockers**

Hall lockers are available for storing personal and school property of students. Locker combinations are issued by the homeroom teacher. No deposit fee will be charged, however, periodic inspections will be made by the teacher and any damages resulting from other than normal use will be assigned to the student. This places the responsibility di-

rectly on the student for the proper use of this facility.

Always keep your locker locked. Do not leave money or other valuables inside. Never bother another student's locker; you don't want to be suspected of bad intentions. To avoid traffic hazards, locker visits during the exchange of classes must be kept to a minimum. Do not make unnecessary trips to your locker. Report any damage done to your locker at once.

### Lost and Found

A lost and found department is located near room 134 and will be opened at certain times during the day when articles may be turned in or claimed. One of the senior high service organizations will be in charge of this activity during the regular day.

Any time you find an article that appears to have been lost, turn it in to the department immediately. If the lost and found is not open at the time, the article should be turned in at the office.

Articles may be identified and claimed only during special hours which will be posted throughout the school. Students are urged to call for lost articles at once as those items not claimed within a 30-day period are transferred to the Arlington County police department.

### Music Department

Two years ago the Wakefield Music Department had its beginning. The performing groups are well organized and a music festival which is held at the close of the school year is always successful. These are some of the available musical organizations:

#### INSTRUMENTAL MUSIC

Senior High Band  
Junior High Band  
Intermediate Band

Senior High Orchestra  
Junior High Orchestra  
Intermediate Orchestra

#### VOCAL MUSIC

Wakefield Choir  
Madrigal Singers  
8th Grade Girls' Chorus

8th Grade Boys' Chorus  
9th Grade Mixed Chorus

### Publications

Three full scale student publications will be promoted during the school year 1955-56, as was the case last year. Some differences in format and method of publication have been planned to permit greater and more varied student expression.

**THE STARSTONE:** Wakefield will publish its first annual to feature a graduating class. Tentative planning calls for a 280-page hard cover volume which will be priced at \$4.50 for underclassmen and \$5.00 for seniors.

**THE SIGNAL:** The first issue of the year's Signal will go to press early in October. The Signal which last year won a second place award from the Columbia Scholastic Press Association, will be produced in its entirety at Wakefield this year.

Three groups will have a hand in the development of this new approach: 1. The Signal staff will plan, coordinate and control the content format and quality of the publication. 2. The Journalism classes will do most of the reporting and feature writing for the Signal. 3. The Graphic Arts classes will handle a lion's share of the work by making plates and printing the Signal on a recently purchased offset press.

**THE SMOKE SIGNAL:** This will be Wakefield's Junior High School publication. The procedure for publication will be much the same as last year. The paper will be written and prepared for printing by the Newspaper Production classes and will be distributed to both junior and senior high school students.

**THE PENDULUM:** The planning for this publication calls for the production of a fifty-page literary-art magazine. Much of the writing will be accomplished by a new creative writing class. The Pendulum staff will be composed of writers and artists who will plan and design the publication as well as coordinate and control the efforts of other groups associated with the production. The magazine will be printed here at school and is planned to be the ultimate in school publications.

The efforts of the students involved in publications work will be guided and controlled by a newly founded publications board made up of the editors-in-chief of the three publications, the publications adviser and an administrator.

The board will be directly responsible for all financial matters having to do with the publications, for the quality of the content of the three publications and for the evaluation of student effort in relation to publications work.

### **Report Cards**

Everyone wants to know "How Am I Doing?" Report cards are one way of informing us how well we are doing in school. Report cards will be issued from the home room every nine weeks and must be taken home for our parents signature and returned immediately to the home room teacher.

If at any time between the regular report card periods a student is failing or falls dramatically below his normal level of work, a special advisory report is mailed to the home.

Marks made in school are examined by college admission officials and by prospective employers. It is important that our report cards reveal a record of dependability, initiative and regular attendance; and marks which show the effort that we can put into any job that we undertake.

### **School Days**

The school day will begin for students at 8:05 and continue until 2:29. Buses will begin picking-up students at 7:30 A. M. for arrival at school by 7:55. These buses will remain for ten minutes after the closing of school before departing. All students are urged to plan their afternoon activities so that they may be ready to depart on schedule. Students are expected to eat their lunch in the school cafeteria during the thirty-minute lunch period. Those desiring to go home for lunch must present a request signed by a parent to the office in order to receive a lunch pass. No students are permitted to leave the school area during the day without permission from the office. This policy will be strictly enforced by the Administration.

### **Smoking**

Everyone agrees that it is desirable to postpone the smoking habit as long as possible. Coaches and doctors

especially recommend that during the period of rapid body growth that one refrain from smoking. At Wakefield we will have boys and girls of both junior and senior high age and what is done by one group will vitally affect the other.

Boys and girls in the junior high school certainly should not smoke. If senior high students smoke then the students of the junior high school will attempt to follow the pattern set by these leaders of school life. This would not be a desirable way to exercise our leadership responsibilities. It does not seem possible to set up a rule which would apply to only part of the school and attempt to police it. Such a rule, if enforced, would not solve the problem.

It is recognized that among students, staff members, and parents a variety of opinion will be found on this subject. Consequently the Principal has decided to:

1. Request all students to refrain from smoking while on school property.
2. Refer the problem to the students of the senior high school through their student government.
3. Secure student and faculty opinion.

On the basis of this data, regulations concerning smoking will be established for the school year 1955-56.

### **Store**

A school store, located on the first floor, front part of the building, has available for sale all normal supplies needed by students. The store will be open during the regular school day as well as for short periods before and after school. Students using this facility must obtain permission from the room teacher and be in possession of a hall privilege pass. Profit from the sales of supplies will be utilized in making available general improvements that affect the total student body.

### **Student Expenses**

During the school year, most students will have the following expenses:

Physical Education Fee: (This includes a deposit on the combination lock that will be used on the gym locker and will be returned at the end of the school year if the lock is in good condition, towel fee, and gym suits and shoes if needed.)

**Class Dues:** (The amount varies with each class. This will cover a subscription to the school newspaper, representation in the Starstone, and admittance to the two class social activities.)

**Club Dues:** This applies only to those students that join those clubs which have a fee assigned in order to cover operating expenses. The amount will vary with the individual.

### **Tardiness**

Students are expected to report to school and to class on time. Continued tardiness will be referred to the office for action. All time assigned as detention must be served after the regular school day. If a student is detained at home, he must bring a note signed by his parents explaining the reason for tardiness. When the student arrives at school after the home-room period has ended, he must report to the office for an admittance slip. Should a teacher detain a student and he is likely to be late for class, the teacher will provide him with a note of admittance. If for any other reason the student is likely to be late to class, he must pick up a tardy slip at the main office.

### **Telephone**

The use of the telephone in the school office will be limited to school business. Students are not permitted to make or receive calls through the office. However, messages will be delivered in case of an emergency. A student will not be called to the telephone.

Pay telephones are provided for students' use before and after school and at lunch time.

### **Textbook Service Rental Fee**

The subject teacher will issue individual texts to students enrolling in a particular course. Each student will be required to have a book contract which will record the number of the textbook assigned to the student and its condition.

A textbook rental fee will be charged again this year for all students in the eighth through the eleventh grade. The rental fee for eighth and ninth grades will be \$4 and for the tenth, eleventh and twelfth grades \$5. The seventh grade students are provided textbooks without rental fee. This does not mean, however, that individual texts will be issued to students in all subjects: in some classes the group as a whole will have access to a classroom library made up of class sets. They will use many books but will not have any one specific book issued to them.

Since textbooks represent a large sum of money, pupils are expected to exercise care in the treatment of them. Keep books covered at all times. Do not carry pencils and paper in them. Report lost books to the teacher issuing the original. A duplicate will be signed out to the student upon receipt of the price of the lost book. Fines will be charged for malicious destruction.

### **Thrift System**

Wakefield High School is initiating the first thrift system in the Arlington County Schools. The purpose of the system is to teach thrift to the students, to give them actual experience in saving, and to give them experience in handling money, pass books, and ledger cards.

The Thrift System is sponsored by the First Federal Savings and Loan Association of Arlington. Selected students will work in the Savings Department under the supervision of the Director of the Thrift System, Mrs. Wells. Both the director and the personnel handling the money are under bond.

The total funds invested in the Thrift System will be credited to a savings account in the First Federal of Arlington. This account will earn the current dividend rate being paid by the Association, and will be paid semi-annually, December 31, and one week prior to the close of school. The dividend rate will be 3%.

Students must deposit a minimum of \$.50 to open an account. Not more than four withdrawals will be allowed each month.

Our Savings Department is located in the northeast wing, second floor, next to room 237.

## Transportation

Students who live outside the one and one-half mile radius of the school building will be transported by county school buses free of any charge. Bus tickets will be issued to those students authorized to ride a specific school bus. Loss of ticket or improper bus conduct may cause you considerable inconvenience. Protect this ticket; it affords you an important privilege.

Students are expected to maintain their best behavior while in transit to and from school. The bus drivers are in complete charge of the total group, and any disciplinary problem originating on these buses will be directed to the principal's office where action will be taken.

Students who arrive early are to go directly to the cafeteria during inclement weather and remain there until a bell rings at 7:55. Students remaining for after school activities are requested to remain in the cafeteria or out of doors until the late buses arrive.

## Visitors

The school is open to visitors at all times. Parents are always welcome to visit the school, meet the teachers, and observe methods of instruction.

Student assistants will direct all visitors to the office where information will be given, guides provided and visitor's passes issued.

## Withdrawal or Transfer from School

When a student desires to withdraw or transfer from school, he should observe the following procedures: Present a note to the office from his parents or guardian stating the reason for the withdrawal or transfer; see that a form which will be given to him is signed by all the staff members concerned with his school program, and return this form to the office where a transfer will be prepared.

## Y-Council

The Y-Council acts as the coordinating body of all Wakefield Tri-Hi-Y and Hi-Y chapters. Through this organiza-

tion, the Y-clubs of our school form a closer relationship to Y-clubs in the area and ultimately, throughout the nation.

The Council consists of one elected representative and the president of each chapter.

Responsibilities include: Planning joint activities, setting Y-club policy, reviewing both membership applications and constitutions for each prospective Y-club.

Any senior high student desiring membership in the Hi-Y's must submit an application to this council for final approval.

## Wakefield Songs

### WE'RE GONNA CHEER

We're gonna cheer, cheer, cheer, until the game is done,  
We're gonna fight, fight, fight, until our team has won.  
Loud and clear you'll hear our cry,  
It will sound throughout the land and the sky.  
We're gonna spread your name and fame both day and night  
And we will fight for the green and white.  
We'll shout your name loud  
And then we'll tell all the crowd
